### Major Products

Jacquard Non-Sewing Engineer Woven, Outerwear & Sportwear  
Functional Fabrics

### Company Profile

Merryson is not only a professional jacquard manufacturer but also a company that is able to integrate the tide of fashion. Our textile contains better 3D & layers appearance which is partly hidden and partly visible, that brings vivid motif to the customers. The customers' priority is to wear impressively & present their personalities. Merryson is getting challenges from the branded customers when we started business from Home-textile to Outdoor-textile. Some brands think that jacquard is too fancy, however, others combine their excellent design ability with us, and we have created several interesting jacquard weaving technics for their garments. A successful market leader is always willing to open their mind & to learn. We are looking forward to other brands to join our jacquard design territory.

#### New Arrival Product

1. Jacquard Non-Sewing Engineer
2. Jacquard Yarn-dye shirt series

# RMC

### Major Products

Embroidery fabric, embroidery appliques, patches, garment accessories

### Company Profile

In 1989, Royal Maye Chie Enterprises Inc. was formed in Tainan, Southern Taiwan, focusing on mechanized embroidery manufacturing. For the past years, RMC has made unceasing effort in introducing and developing new technology in production. In order to fulfill the growing needs of American, European, Asian and Australian markets for high value garment embellishments, RMC has become one of the trendsetters of the embroidery industry.

Embroidery, also known as "silk weaving" is one of the oldest and most elegant of the textile arts in the world. Starting with embroidery manufacturing as its core business and rooting on the embroidery culture, Royal Maye Chie group (RMC) has been seeking innovative methods to diversify embroidery technologically and artistically. Employing state-of-the-art technology, we hope to develop new cultural and commercial values for embroidery.
